

Summer Camp leisure programme

The campus, the lake, the island city of Lindau and the exciting destinations for our excursions in this region where three countries meet guarantee the ideal combination for unforgettable language holidays.

Our support staff will devise an extensive and varied programme: sporty, leisurely, creative, interesting...and will also be both guide and contact partner for any questions.

Every week we organise one half-day excursion, whole day excursions or activities at the weekends, daily leisure programme.

Extract of our leisure programme
