

More information about Insted accommodation

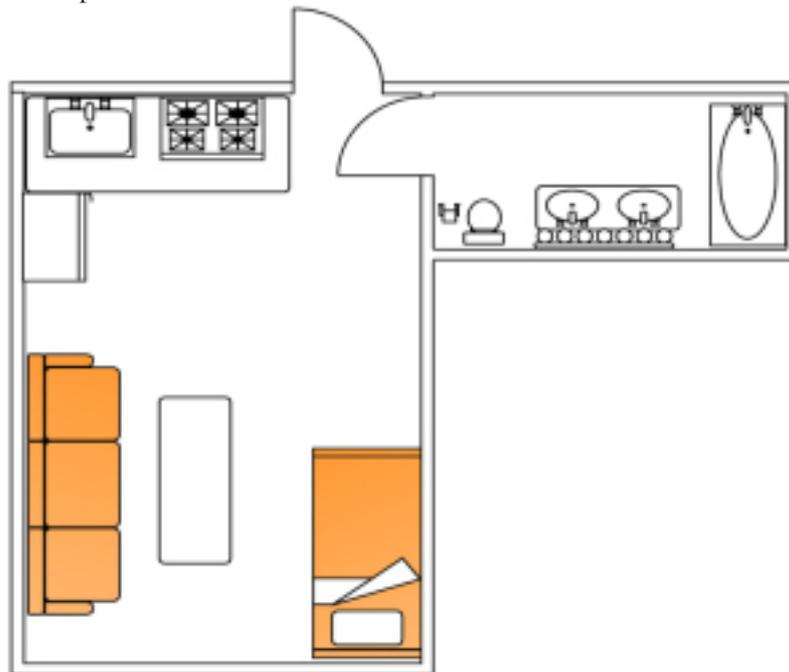

All our apartments are furnished and have a kitchen/kitchenette and a bathroom with a shower/bathtub. Apartments in Chamonix are generally quite small but well-planned. One bedroom apartment is often about 25 m² and consists of a bedroom and a living room with an open plan kitchen/kitchenette. In some cases a furnished hallway, a loft or similar as a room. If you book a ChamRoom you can share a bigger apartment with 1 to 2 students who have booked ChamBeds. You will have your own room, but you will have to share the living room, kitchen and bathroom with others.

- Furnished apartments
- Blankets (no duvets) and pillows are provided
- Electricity & water are included for max. 40€ per month and per person
- Sheets are not included

ChamBed

If you are looking for a cheap alternative for your winter season, we recommend the ChamBed option. You will share room and stay in an apartment with 2 -3 other students or seasonaires.

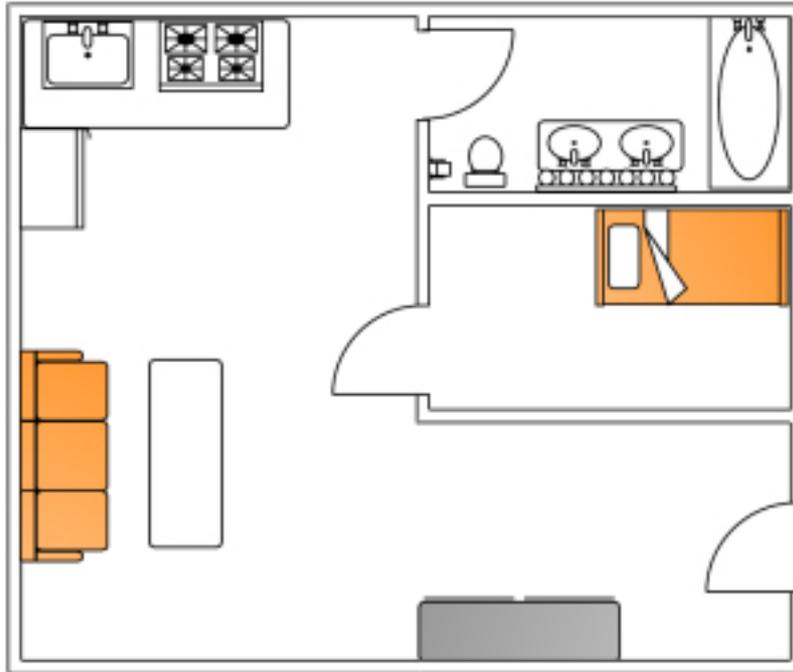

The bed and the sofa are examples of two ChamBeds.

ChamRoom

If you would like to share an apartment but you still want your own room, ChamRoom is the best option for you. You usually share the apartment with 1-2 people but it can vary. It is mostly common to have two ChamBeds and one ChamRoom sharing one apartment.

The bed and the sofa are examples of two ChamRooms.

ChamStudio

A private apartment is perfect for a couple or for the person who would like a bit more space. The studios are often about 20 m² with an open plan kitchen/kitchenette.

The double bed is an example of a ChamStudio. In some cases the bed could be a sofa bed.
